The screenshot shows the SQLVue application interface. The menu bar includes Apple, SQLVue, File, Edit, Database, Data, SQL, Tools, Window, and Help. The title bar reads 'ChinookSample1.sqlite (Demo)'. The toolbar contains icons for Refresh, Add Table, Show Table, New SQL Editor, Run SQL, Commit, and Rollback. A sidebar on the left lists 'TABLES' (Album, Artist, Customer, Employee, Genre, Invoice, InvoiceLine, MediaType, Playlist, PlaylistTrack, Track) and 'VIEWS' (AlbumArtist, AlbumTrackArtist). The main window displays a 'General' tab with the following settings:
